Technical Day Traders Who Purchase Information & Systems  
To Optimize Profits From Swing Trading

## Updated & NCOA'd

41,758 Buyers \$185/M (\*)

The **Stock Strategy Secrets** postal list reaches *active day traders* who are interested in optimizing their profits from swing trading activities. They have all spent \$10 at <http://www.StockStrategySecrets.com> to buy an introductory DVD on swing trading tactics.

Swing trading is defined as “a style of trading that attempts to capture gains in a stock within one to four days. Swing traders use technical analysis to look for stocks with short-term price momentum. These traders aren't interested in the fundamental or intrinsic value of stocks, but rather in their price trends and patterns. Swing traders are typically profiled as ‘at home’ day traders.

100% buyers, **Stock Strategy Secrets** offers investors with a professional swing trading system. After spending \$10 on the introductory DVD, buyers are provided with additional opportunities to purchase content, training, and technical systems ranging in price from \$99 to \$4,000. One of the trading courses is based on the “Fibonacci Formula”, where it teaches day traders how to understand the formula and properly interpret the mathematical sequences so they can optimize their day trading activities.

Most important, the information and systems offered by **Stock Strategy Secrets** *removes* the emotions that investors will sometimes imprint on their stock trading decisions. At the core of their offerings are the tactics and methodologies of technical stock analysis for purposes of creating profits from daily trades.

The **Stock Strategy Secrets** postal list reaches day traders who are constantly buying information, systems, subscriptions, and software that will guide them with their daily stock trading decisions. *They are highly responsive to a wide range of investment, home office, and upscale consumer offers.*
