The **Hidden Values Alert Newsletter Subscribers** list reaches investors who have subscribed to investment newsletters with a focus on value investing (<http://hiddenvaluesalert.net>). Value investing is the art of buying stocks which trade at a significant discount to their intrinsic value. Value investors achieve this by looking for companies on cheap valuation metrics, typically low multiples of their profits or assets, for reasons which are not justified over the longer term.

Charles Mizrahi is the editor of **Hidden Values Alert** and the author of *Getting Started in Value Investing*. Using his 5-point value approach, Mizrahi has established a successful track record of picking stocks that are ready to soar.

Subscribers to **Hidden Values Alert** are investors who are continuously looking for the smart ways to allocate their money to increase their personal wealth. These use the information in the **Hidden Values Alert** newsletter as a decision support tool, which guides them in their quest for optimal returns on their investments. Subscribers receive their newsletter monthly via email, which provides succinct investment information for the weeks to come to help them achieve their financial goals.

Hidden Values Alerts is one of the highest performing investment newsletters with an outstanding track record. As such, it has captured the attention of highly active, information hungry investors who are looking for the best ideas to optimize the profits within their self-directed portfolios. *They are highly responsive to a wide range of investment and consumer offers.*
