The **Stealth Stocks Financial Newsletter Subscribers** file reaches investors who have subscribed to investment newsletters published by *Dennis Slothower* (<http://www.stealthstocksonline.net>). Dennis, who is a veteran financial analyst, investor, trader, and money manager, specializes in identifying undervalued companies with strong fundamentals that have gone unnoticed by Wall Street.

Dennis Slothower is an expert on the use of cyclical and technical indicators for market and stock forecasting. He has been rated #1 by the Hulbert rating system several times, and **Stealth Stocks** has been ranked #6 on the risk adjusted ranking for five consecutive years.

Dennis' **Stealth Stocks** system is designed to identify profitable companies whose stock is about to dramatically move in an upward direction. Subscribers to the **Stealth Stocks Newsletter** receive an 8-page newsletter and weekly portfolio updates. In addition, there is also a daily **Stealth Stocks** update service for investors wanting to subscribe to a premium newsletter for market timing purposes.

In each issue of **Stealth Stocks**, Dennis provides an easy to follow portfolio. The portfolio is updated via email on a weekly basis, providing subscribers with clear 'buy and sell' information based on Dennis' proprietary algorithms and analysis methodologies.

The **Stealth Stocks** list reaches active, aggressive investors who seek advice on their self-managed portfolios. They understand the nature of risk, and are looking for individual stocks that are poised to generate big returns. *They are market movers who are receptive to a wide range of financial, investment, and home office offers.*
